

May 27 (Wed.) -

Until July 31

(Fri.) (extended)

流山市
Nagareyama City

Extension of the temporary measures period

You can dispose of burnable garbage and plastic packaging waste even if you do not use the designated garbage bags.

Designated garbage bags were introduced in April 2022. Thanks to the cooperation of residents, the amount of burnable waste has been reduced by approximately 1,282 tons, or about 5%. The program has also contributed to improving the recycling rate of plastic packaging waste, preventing incorrect waste disposal, maintaining waste collection sites, and reducing violations of waste disposal rules.

However, due to the impact of the recent situation in the Middle East, supplies of designated garbage bags at retail stores have become limited.

Therefore, if designated garbage bags are difficult to obtain, waste may be put out for collection in bags other than designated garbage bags during the temporary measure period, provided that it is disposed of in accordance with the procedures outlined below.

We appreciate your understanding and cooperation.

Temporary Measure Period (After Extension): From Wednesday, May 27, 2026, to Tuesday, July 31, 2026
At retail stores, the shortage of designated garbage bags continues. Therefore, the temporary measures period will be extended until Friday, July 31.

Burnable waste

• Please indicate

「も」

- Please also drain food waste thoroughly before putting it out for collection.
- Please also make efforts to recycle paper, cloth, cardboard, and other recyclable materials.

Plastic packaging

• Please indicate

「プ」

- Only items marked with the “plastic recycling symbol (Plastics Identification Mark)” are accepted.
- Please lightly rinse food bags and containers before disposal.

Permitted garbage bags

- ① Plastic or vinyl bags
- ② Transparent or semi-transparent bags
- ③ Bag sizes: 10 to 45 liters

- ④ Printed bags, such as supermarket bags, are also permitted.
- ⑤ Tie the bag securely so that the contents are sealed.
- ⑥ No restrictions on thickness or the presence of handles.

Note: Prohibited Garbage Bags

- Opaque bags (e.g., black bags where contents cannot be seen)
- Paper bags and cardboard boxes
- Designated garbage bags from other municipalities
- Cloth bags
- Bags that cannot be tied closed
- Bags larger than 45 liters
